

Yonsei Math Colloquium 2018

Science Hall 225

Thursday 17:00

| | | |
|---------------|--|---|
| 3.08 | Kyoung-Seog Lee IBS Center for Geometry and Physics | Derived categories and their applications |
| 3.22 | A. Sankaranarayanan Tata Institute of Fundamental Research | Riemann zeta-function and some conjectures |
| 4.12 | Bogwang Jeon POSTECH | The geometry and topology of 3-manifolds |
| 4.26 | Sunho Choi Kyung Hee University | On a derivation of the polyatomic Vlasov equation with vibratory and rotational motions |
| 5.17 | Minsuk Yang Yonsei University | Continuity and Dimension |
| 6.12 (Tue) | Juhi Jang University of Southern California | TBA |

Tea Time 16:40
